## **The Snow Dragon by Vivian French**

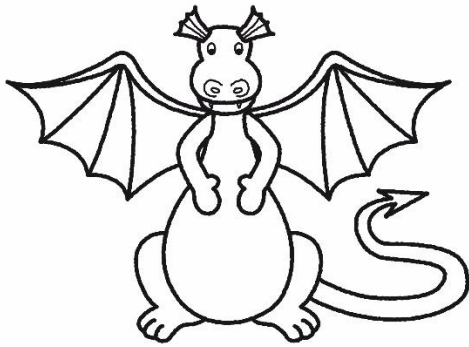

This is a two-day activity (Wednesday and Thursday)

Can you design a dragon for every season? (Spring, Summer, Autumn, Winter)

Think about how your dragon should look to represent that season. Think carefully about the colours you will use and the different features it might have.

Write a description of each of your dragons. You should include information such as, its name, what it looks like, where it lives, its personality and anything else that is important. If you need some help, here are some pictures of dragons to help you with your drawings and a step-by-step guide.
