Dear Aunty Jane,

Thank you very much for your birthday present. It was a big surprise. It is a very interesting colour and the sparkeling writing is very clear.

I had a very good birthday with lots of other nice presents. I got a cool game from Mum. I've played on it every day since my birthday a week ago.

It's very good being eight years old. I'm the oldest boy in my class but there's one girl older than me.

See you at Christmas.

Love,

Henry x
