

## Week Beginning Monday 29<sup>th</sup> June 2020

This week I would like to start by saying thank you, and well done for all of your amazing efforts with your home learning. You have been so motivated, and worked so hard under such different conditions that you should all be very proud of yourselves. This week we are going to be brushing up on your SPAG skills, as well as measuring angles in maths. You will be finding out about an important person the history of space exploration and discovering what the Viking raids of Britain were really like!

DAY	MATHEMATICS	ENGLISH TASKS FOR THIS WEEK	OTHER SUBJECT TASKS
Monday	Visit the <a href="#">White Rose website</a> and watch today's lesson video. You can also visit the <a href="#">BBC BiteSize</a> website for lessons and activities on the same topic. <b>Today's Lesson</b> <a href="#">Measuring with a Protractor</a>	This week I have attached a <a href="#">spelling assessment</a> , which covers all of the words you have been learning during home learning. Test yourself once at the beginning of the week, and then ask someone to test you again at the end of the week. Spend the days in-between practising the words you didn't get right the first time!	<b>PE</b> – This week I would like you to invent a <a href="#">playground game</a> . This should be a game that could be played at playtime or lunchtime and should use the equipment we already have in school. It could be based on an existing sport like football/rugby or be totally original!
Tuesday	Visit the <a href="#">White Rose website</a> and watch today's lesson video. You can also visit the <a href="#">BBC BiteSize</a> website for lessons and activities on the same topic. <b>Today's Lesson</b> <a href="#">Drawing lines and angles accurately</a>	Today we are going to be looking at how to add tension, using ellipses. An ellipses looks like this "... " and come at the end of a sentence. We used these when writing stories with cliff-hangers at the beginning of the year. Complete the <a href="#">activity sheets about using ellipses</a> .	<b>Art</b> – This week I would like you to make a collage using recycled material. Things like empty cereal boxes, old newspapers and magazines, and anything else that would be thrown away are what you're going to be using. You can choose what to make your picture of, but I want you to think about how you can create texture, colour variation and how you can represent the shapes your subject using scraps of paper.
Wednesday	Visit the <a href="#">White Rose website</a> and watch today's lesson video. You can also visit the <a href="#">BBC BiteSize</a> website for lessons and activities on the same topic. <b>Today's Lesson</b> <a href="#">Calculating angles on a straight line</a>	Today we will be thinking about how you can use parenthesis (brackets) to add information to sentences and change the way that sentences are constructed. <a href="#">In the activity you will need to add brackets</a> , and think about how to write sentences using brackets differently. Make sure you pay attention to the example!	I have attached <a href="#">some examples</a> of lovely collage work that might inspire you. You are welcome to base your ideas around on of the example or create your own!
Thursday	Visit the <a href="#">White Rose website</a> and watch today's lesson video. You can also visit the <a href="#">BBC BiteSize</a> website for lessons and activities on the same topic. <b>Today's Lesson</b> <a href="#">Calculating angles round a point</a>	In today's activity, you will be creating compound adjectives using a hyphen. Can you spot the example here? <b>Year 5 created some brilliantly well-written sentences.</b> <a href="#">Complete the activity</a> to learn more about this technique.	<b>History</b> – Read pages 30-33 of the Curriculum Visions book <a href="#">Viking Invaders and Settlers</a> . This section is all about the Viking raids of Britain. Answer the <a href="#">comprehension questions</a> based on the pages you have read.
Friday	Visit the <a href="#">White Rose website</a> and select this week . <b>Today's Lesson : Challenge of the week</b>	Today I would like you to write 12 different sentences. 4 using ellipses, 4 using parenthesis and 4 using hyphens. Each sentence can be about something different, or the subjects could be linked. This is your chance to show off the skills that you have learned this week!	<b>PSHE</b> – Follow this link to find out more about Mary Jackson. <a href="#">BBC Newsround : Mary Jackson</a> Can you complete the worksheet to show what you have learned about this import figure in history?
