Week beginning 08/06/2020

Art/PSHE

Family Art

Here is a photo of the family artwork hanging in my kitchen. It's special to us because it relates to how much we like to be outdoors, exploring together whatever the weather!

What theme could your family artwork have? What is important to your whole family? It could be something that brings you all together, a memory or a plan for the future, or something else. Talk to the people in your family and get some of their ideas too!

Good luck!
