

Spinner Template

Cut the solid lines and fold the dashed lines to create your spinners.

In a Spin!

We wanted to find out if

We only changed **one** thing to make it a **fair** test.

We decided to only change:

We recorded the time it took the spinners to drop.

We repeated each test three times to work out the average (or mean).

We recorded the time it took for the spinner template to fall:

Drop 1	Drop 2	Drop 3	Total	Average

We started to make changes to our spinner:

Change	Drop 1	Drop 2	Drop 3	Total	Average

Our results show that:
