

These are historic days we are living through and we should definitely **record the time for posterity**

You will need:

- A suitable box or container for storage
- Lots of memorabilia
- Tape or string to seal
- Bin bag to waterproof
- An attic or secret cupboard for storage!
- Lots of patience (so you don't open your time capsule too soon)

A newspaper & treasures from a daily exercise walk during Covid-19 lockdown

What to do:

1. Collect pieces of memorabilia (see list below)
2. Place everything safely in the container
3. Secure the container with tape or string
4. Place it in a bin bag or plastic bag
5. Store securely in an attic, basement or secret Harry Potter cupboard
6. Wait 10 years..can you do it??
7. Open your time capsule in a decade and be amazed at what's inside!

Memorabilia to include:

Here's our list of things your children's Corona virus time capsule could include: –

- a local paper with Covid-19 headlines
- a 2020 dated coin
- a national newspaper
- a drawing of the family including pets, names, ages etc
- memorabilia from a day in the garden or nature (we've just collected a feather and shell from the beach)
- a note from each family member with memorable events from recent times
- photos of today
- a packet of seeds from 2020 (who thinks they'll grow in 10 years?!)
- a letter to themselves including date, age, friends, feelings, favourite things, worries, future plans etc
- A 2020 postage stamp
- a painted pebble with the date on
- a letter from a grandparent
- a current magazine
- children's handprints to show how much they've grown (thanks to reader, Elaine, for this idea)
- a couple of bits of clean toilet paper and a hand wipe for humour!
- pressed flowers
- a copy of the Government letter about the pandemic
- photos of family members doing crazy things...
