

Well done on another fantastic week of home learning. Your parents have been telling me how well you are doing with your reading and that many of you have been working your way through the book bands. On this week's timetable I have included some longer texts which include lots of our reception 'tricky words'. It is a really good idea to make flash cards with any phase 3 words you are still unsure of. Then you can play games like 'beat the clock' or 'glow in the dark spellings'.
